

## Test Table PT 2510-SD

### Technical Data

#### **Material:**

- |   |                 |
|---|-----------------|
| • Structure                               | Styrofoam       |
| Dielectric constant $\epsilon_r$ at 1 MHz | ca. 1.2         |
| • Table Top                               | Perdinax t= 2mm |
| Dielectric constant $\epsilon_r$ at 1 MHz | ca. 1.6         |

Table Top cover plate removable

#### **Dimensions:**

- |             |               |
|-------------|---------------|
| • Height    | 0.8 m         |
| • Table Top | 2.5 m x 1.0 m |

Load capability 100 kg
